## COMMENTS FROM THE TOWN MANAGER'S OFFICE

At a meeting of the Board of Selectmen held last Friday evening it was voted to purchase a 1952 Ford tank truck with 1000 gallon capacity for the Fire Department. The truck had previously been used for the delivery of gasoline. The possibility of repainting the old American-LaFrance fire truck and converting it to a tank truck had been considered. It was found that it would cost more to install a new motor, purchase a tank and make other necessary repairs, than it would to purchase a good used truck with a tank all mounted. The truck has nearly a new motor and is mechanically sound with good tires. The truck will serve a good purpose for providing a water supply for grass, woods, and structural fires in rural areas.

Any parts that can be used in the future will be salvaged from the American-LaFrance and what is left will be sold for scrap metal.

As the season for building, making repairs and alterations is at hand your attention is called to the following ordinance: Art. 4, Sec. 1. A permit issued by the Town Manager shall be required for all buildings hereafter erected in the Town of Bethel, or buildings now standing which shall be altered, rebuilt or extended.

Forms for this purpose have been prepared and printed. There is no fee for the permit.

Sincerely,  
Harold L. Bean

## B.A.D.C. NOW 100 MEMBERS

The Bethel Area Development Corporation assumed an international aspect in its membership during the past week with the receipt of an application from Brigadier General J. D. Alger who is Deputy Commander of the Third Armored Division of the U. S. Army in Germany. Gen. Alger, a Trustee of Gould Academy and a member of the class of 1930 wrote to Kimball Ames that the Development Corporation "certainly appears to be a worthwhile and needed organization with praiseworthy objectives for the future betterment of the area—I stand ready to assist in any way I can."

Including our European representative, twenty-three new members have signed up since our last total of exactly ONE HUNDRED, to date," stated Dr. John W. Trivard, Chairman of the Membership Committee.

New additions to the constantly growing list of Bethel Area Boosters, in addition to Gen. Alger, are: Carroll Abbott, Harold Bennett, Ernest G. Blake, Sylvanus H. Brewster, Thomas L. Brown, John W. Carter, Paul W. Carter, Frederick Clark, Robert D. Hastings, John Norman Jr., Rodney Keniston, Arthur R. Lincoln, Blaine Mackay, Ralph L. Moore, Wilbur R. Myers, Burton L. Newton, Wallace Saunders, Dexter M. Stowell, David D. Thompson, Paul C. Thurston and Max Zallen, all of Bethel; and Cedric Juddins, of Upton.

## ESTES - HATHAWAY

At a home wedding Saturday evening, April 5, Miss Harriett Hathaway, Bryant Pond, became the bride of Lawrence Estes, South Paris. Rev. Gunnar Lindahl, Pastor of the Bryant Pond Baptist Church officiated at the double ring service.

The bride is the daughter of Mr. and Mrs. Harris E. Hathaway, Bryant Pond. A graduate of Woodstock High School, class of 1951, she attended Maine School of Commerce, Auburn. Prior to her marriage, she was employed at New Haven, Conn., Auburn, and the Paris Mfg. Co., South Paris.

The bridegroom is a graduate of Paris High School, and the son of Mr. and Mrs. Leslie Estes, South Paris. He served two years in the U. S. Army and is now employed by the Paris Mfg. Company.

The bride was given in marriage by her father. She wore a light blue dress ensemble, enhanced by white embroidery and white accessories, an illusion net and ribbon veil covering her head. She carried a Colonial bride's bouquet. The bride was dressed in pale green with pink accessories and carried a pink Colonial bouquet. The bride wore a white tulle dress decorated with red and white flowers with matching flowers in her hair. Raymond Jordan, Jr., served as ring bearer. Roger Tuttle, South Paris, was best man.

The bride's mother was dressed in a pale coat dress and wore a multi-colored corsage, while a yellow corsage complemented the new dress worn by the groom's mother. Following the wedding, a reception was given the bride couple by the bride's parents. The home was decorated with white streamers, bells, evergreens, Easter lilies and geraniums. Refreshments were served by the bride's mother, and entertainment by Roger Hathaway. The wedding cake, made by Mrs. Raymond Jordan, was cut and served by the bride's grandmother, Mrs. Arthur Anderson.

After traveling to Washington, D. C., the bride added a tiny coat, a flowered hat and white bag. Their new home will be on Wheeler St., South Paris.

## To Consider Reclaiming Nearby Ponds for Trout

The Commissioner of Inland Fisheries and Game will hold a public hearing on Tuesday evening, April 15, at 7:30 at the office of the Selectmen at Locke Mills to consider the reclaiming of Broken Bridge and Crocker Ponds in Albany for trout, also to establish the following regulations on these ponds: 1. Closure to ice fishing. 2. Prohibiting the use or possession of live fish as bait. 3. Daily bag limit of five trout. Reclamation removes by chemical means all fish now present in the pond and the pond is then restocked with trout.

## FARM AND HOME WEEK DRAWS LARGE CROWD

Some 2,345 men and women registered for the 61st Farm and Home Week at the University of Maine last week. Although this was 491 less than turned out for the special 60th anniversary observance last year, it was considered an excellent crowd. A heavy snow storm and high winds Wednesday cut attendance considerably. Free chest X-rays were given to all adults waiting there. The annual Farm and Home Week banquet drew 400 people to hear talks by Acting President Charles Crossland and Governor Edmund S. Muskie. A three-hour telecast over channels in Bangor and Presque Isle highlighted Farm and Home Week on Thursday afternoon. The TV program originated in the Louis Oakes Room and the Library and featured 25 persons with demonstrations or talks connected with Farm and Home Week. All in all, the Week was considered a success, reports Chairman Herbert A. Leonard.

## STATE HIGHWAY PROJECTS TOTALING OVER \$20 MILLION CONTRACTED SINCE JULY 1

The State Highway Commission has awarded 64 highway and bridge contracts since July 1, 1957. The total estimated cost of these projects, including right-of-way and engineering, amounts to \$20,088,814.

A tabulation shows that 28 primary and interstate jobs total an estimated cost of \$16,619,214, 17 on the secondary system total \$3,794,000, and 19 bridges, in addition to those included as part of the regular highway projects, total \$475,600.

Construction has been suspended on most projects during the winter months. However, work has started in several areas and by the end of the month should be under way again in most sections of the state.

## NEW BOOKS AT THE BETHUEL LIBRARY

Adults: "The Virtuous Women of Pont Clery" by Flora Sandstrom. A sequel to "The Midwife of Pont Clery" reveals that the one-time midwife has lost none of her unconscious power of stirring up tempests and revolutions in the lives of others. As amusing as its predecessor.

"Dawn's Early Light" by Elwyn Thane is the human story behind our first war for liberty, and of men and women loving and laughing and living through war to the dawn of a better world.

"A Time of Fear" by Roderick MacLeish. There were nice people in Rock Lodge until that fateful summer. According to the Haskell Construction Company, Rock Lodge was an obstacle. The people's battle against invasion is the narrative core of a book of real power and suspense.

"The Bachelor's Baby" by Gwen Davenport. This story of what a man will do to get or keep a person is a sequel to her earlier "Belvedere".

Young People's Books: "Snowflake Thompson" by Adrien Stoutenburg and Laura Baker. The colorful, authentic biography of a little-known mid-1800's figure in our history. John A. Thompson, who before the stagecoach, carried on his mail, supplies over rugged California, Nevada, and inspiring Miss A. Thompson.

"Dust in the Gold Sack" by Helen Mills. A "salon" girl of the 1860's finds happiness as she and her brother befriend a small, well-meaning valued friend, including a "treasure" by Juniors.

"The P. B. I." by Quentin Reynolds. All about the cases the P. B. I. has solved. Excellent.

"King Oberon's Forest" by Hilda van Stockum. When a fairy child's name is forced upon three cradled dears, the heart-warming changes resulting astonish and gladden the forest creatures.

Easy: "Who Is It?" by Zhenya Gay. An intriguing reading guessing game for smallest readers.

"A pessimist is a man who finances an optimist." G. E. News

I expect to be out of town from late Friday afternoon to Monday morning, April 14.

## Organization Under Way Ski Slope Development

The winter business committee of the Bethel Area Development Corporation completed its role in preparation for a local ski area project at a meeting Wednesday evening at the American Legion rooms. They reported that options on the Barker or Bald Mountain slope in the Sunday River valley, Newry, had been secured and from this point a separate organization must be formed.

Members of the committee headed by Murray Thurston, chairman, explained to a group of some 70 interested citizens the advantages of the proposed site and the attendant problems of financing and construction. Members of the committee and others interested reported on the experiences of other groups in such matters, and also said that great interest has already been shown by ski fans elsewhere who have learned of the possibilities here.

## Location of the Sunday River site, only about three miles from routes 2, 5 and 26, was cited as an important factor, as well as the fact that existing town and woods roads now lead to the foot of the mountain, were stressed as all in favor of the project. Also the fact that this section is much easier of access than the Sugarloaf area which is most successful although many miles off the beaten path.

The new slope, if developed, will offer opportunities to satisfy every type of skier from beginner to professional. Construction and clearing will be comparatively simple, compared with difficulties encountered in other developments. Colored slides were projected which showed views of the slope and top of the mountain as well as views in various directions from the summit. It was noted that during the summer the mountain top might well be an attraction which would justify nearly year-round operation of the lift.

Methods of financing were discussed and the procedures followed successfully in other projects were noted. The committee stated that a substantial local investment would be advisable and that this would be generously supplemented by interested patrons of the sport over a wide area.

The step toward organization was completed when a committee consisting of Elwood Ireland, Dr. John Trivard and Howard Cole was appointed to select a committee to form a corporation.

## SNOW LINGERERS HERE AS COOL WEATHER PREVAILS

Although the snow cover has continued to shrink in this area there still remains a record amount for this time in the season. Snow banks beside the roads have disappeared in many places, most fields are covered and appear to be in mid-winter form.

The past two weeks' record shows that seven days have been fair and above the freezing point. There have been two rainy days, and last Sunday afternoon and night from one to six inches of snow fell. Most of this has left us, but for a while the roads were too smooth and dangerous. There has been a no high water although the possibility still exists.

## CHEVY'S APRIL SALES SPECTACULAR!

## 1 SPECTACULAR STYLE—Proved by leading fashion designers!

The smartest look on the road! That's Chevrolet in all 17 glamorous models. And proved, too, for Chevrolet's sculptured elegance and gracefully sweeping lines captured the imagination of world-famous designers, inspiring a fabulous collection of women's fashions.

## 2 SPECTACULAR PERFORMANCE—Proved on a round-trip run over the Andes!

From coast to coast across South America, up over the Andes from Buenos Aires to Valparaiso, and back again in just 41 hours and 14 minutes! Chevy went all the way with the hood sealed shut, without a drop of water or oil added—experiencing every extreme driving situation you can think of for 1,900 straight miles. Chevrolet proved its over-boosted reliability and boundless V8 energy, with the Automobile Club of Argentina certifying the results.

## 3 SPECTACULAR VALUE—Your Chevrolet dealer's ready to prove it!

He'll show you that Chevy's the only completely new car in its field, today's biggest dollar buy. Yet prices begin right at the bottom of the ladder. See him this month for sure!

You'll get the best buy on the best seller!

## DRIVE IT ONCE...

You'll tell us  
how easy it handles!

The world's most complete truck cab—15 ton to 44,000 lbs. GVW.

Everyone who drives a new INTERNATIONAL cab-forward model tells us how easy it is to maneuver.

Would you give it your own personal maneuvering test? Note how nimble this INTERNATIONAL Truck is . . . in traffic, or on the road. Reason? The short cab and the way it's designed it. Only 89 inches long, bumper-to-back of cab!

That short dimension not only gives better maneuverability—it allows more payload in back. Yet the cab is full-size—doors and all. Nothing cramped about it.

Like all INTERNATIONAL Trucks, this cab-forward model costs least to own.

Come in and drive a new INTERNATIONAL cab-forward yourself. Then you tell us how good it is!

INTERNATIONAL TRUCKS cost least to own!

## LETTERS TO THE EDITOR

I have asked and have been granted graciously space to express my concerns about current Bethel citizens for which I am grateful to the editor.

I cited my remarks into Spec's editorial. Don says he, I suppose you have paid your tribute of twenty-five cents to the Bethel Area Development Corporation. No, Don says I haven't. That's only half the answer. The other half is that I'm not going to.

No doubt this makes me persona grata to some. I am a dirty stink. What I am doing is matter. What Don matter is that there is a small, particular segment of the community who feel, I believe, as I do that the particular plan which this group promulgates is outrageous, especially at this time. As I hear it there is no question of good intentions. It is the quality of the plan itself which is open to doubt.

As I understand it the parishioners are asked to raise and sink something like ninety-seven thousand dollars on some such spot as the back side of Barker mountain for the express benefit of whom? The eating houses you say, for one. Granted. But how many more people and which is more important how much wages will they get? In other words how many bread winners would benefit? I'm asking. Or take the butcher, the baker and the candlestick maker. How will they benefit? All the eating houses order wholesale from out of town. Even the undertaker would stand to benefit very little. He might get the privilege of using his ambulance on a broken leg once or twice a year; quite possibly at his own expense. The iron keepers would stand to benefit and possibly a few others. But would the whole town reap benefits commensurate with the ninety-seven thousand invested?

The real trouble with our community is distrust and suspicion. For instance, there is the suspicion that some among the leaders in the town do not actually want a thriving industry here. This is not to accuse. But it does cite a prevalent destructive force in the town.

"My, how he's grown..."

## SKILLINGTON

Mrs. Ole Thiff, Corres. — Sgt. and Mrs. Osell Saunders arrived in Portland by plane from Japan last Thursday for a thirty-day leave. They were met at the airport by Mr. and Mrs. Carlton Saunders and grandson, Richard Saunders.

Mr. and Mrs. Albert Plamondon, Middleford, were week and guests of Mr. and Mrs. Harold Young. Mrs. Alice McMillan returned to work on Monday after being confined for a week with the flu. George McMillan also returned to work on Monday.

Mrs. Harold Young substituted at the Crescent Park School, Monday.

Mr. and Mrs. A. H. Thiff spent Sunday with the R. C. Thiffs.

Now, no plan can be a total success without total effort. And there cannot be total effort without the wholehearted, united backing of all of us.

There is a way to lay the ghost of these suspicions. That is for the whole town to unite in a wholehearted effort to go out and get a thriving industry for the benefit of all. Then there might ensue a prosperity sufficient to warrant the erection of a ski slide as is now proposed.

One hears the remark that we do not want undesirable people. I, for one, would like to see the Bethelian famous enough to smile his bosom and proclaim himself a desirable person. All that I have met thus far are busily working their own particular angles.

If we all do not unite in whatever effort is made the results are likely to run something like this: Enough money will be raised to start the ball rolling. Then money will have to be borrowed to finish up the job. With the result that there will be frequent passages of the hat to raise interest money and reduce the size of the debt. Good for the bankers, but not for the town. Meanwhile the destructive forces of distrust and suspicion

## JUNIOR CHOIR

We had our meeting and elected new officers: Duane Jordan, president; Judy Currier, Vice President; Mary Anne Bartlett, secretary; Charlene Swain, vice secretary; Linda Paine, treasurer; Cheryl Grenier, reporter. We sang Easter Sunday and we were pleased to have so many there and we thank you. We will also sing the last Sunday in the month. After the meeting we went out and sang a few songs. We want to thank Linda Paine, Carol Flint and Martha Keniston for playing the organ for us. — Reporter, Cheryl Grenier.

Along with the ill will they engender are permitted to operate unmolested among us. Until the spiritual rot results eventually in a ghost town.

The perpetuation of that most desirable estate, the status quo, is a fond delusion often courted as well as being an impossibility to maintain.

My plea is that a plan be adopted which all of us can unite wholeheartedly behind, for the benefit of the whole town. Amen.

G. L. Kneeland

Milford, Ind., Mail: "A free economy does not move in a straight line, but in curves, up and down. At present there is a downward trend but increased defense spending, raising the national debt ceiling to \$280 billion, easing of credit, and the other manipulations are calculated to provide the sagging economy with a shot in the arm. It may mean another ride on the merry-go-round of inflation."

## PTA TO MEET MONDAY,

APRIL 14 AT 7:30

There will be a very important meeting of the P.T.A. at the Crescent Park School on April 14 at 7:30 (please notice this is on Monday rather than on the regular P.T.A. schedule).

The speaker for the evening is Dr. James C. MacCampbell, assistant professor of education at the University of Maine. He is also consultant for the McMillan Book Co., compiling a manual for a reading series. His degrees consist of a B. A., Ohio Wesleyan, '39; M. A., Ohio State, '46. He received his Ph.D. in 1957. At present he is conducting a course for teachers in Language Arts at Lewiston every Saturday.

Education is the most selfish thing in the world. The only person who can give it to you is you. Teachers can lead, suggest, cajole, even browbeat, but they can't make you learn. That you do alone.

## OLD YELLER

COMING TO THE STATE THEATRE BRIDGTON

WATCH FOR DATES

The P.T.A. program committee feels very fortunate to have a speaker, with Dr. MacCampbell's background in reading theory and problems address the P.T.A. at a time when students reading and study habits are getting national attention. It is the committee's sincere wish that every thinking parent will attend this meeting and that—in spite of extremely busy schedules there will be 100% attendance of teachers (from both schools) for this pleasant and informative evening.

Refreshments will be served during the social hour following the meeting.
